

BUILDING BASICS

Start Building

Look at the pictures, find the pieces in your set that match and then connect them together. Try to face your model in the same direction as the instructions while you build. The arrows show you where the parts connect, but not all connection points have arrows. Faded colors show you this section is already built.

Connectors

Push these special connectors together tightly until you hear a "click".

Spacers

Be sure to use the correct color and number of spacers shown.

Keep this important information for future reference

BATTERY INFORMATION

How to Insert and Remove Batteries

Use a small Phillips head screwdriver to loosen the screw. Insert 2 fresh AA batteries\*\* (LR6) into the compartment with the correct polarity (+/-) as shown here. Install batteries before building models.

\*\* Not included

CAUTION: To Avoid Battery Leakage

- Insert batteries with correct polarity (+/-) as shown.
- Do not mix different types of batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Do not mix new and used batteries. Only batteries of the same or equivalent type recommended should be used.
- Remove exhausted batteries from the toy; do not short-circuit supply terminals.
- Remove all batteries if the toy will not be used for a long period of time.

\*Important Battery Tips

See back panel.

PARTS LIST

Before you start building, be sure to compare the parts in your set with the parts list here. If anything is missing, contact us using the information on the back cover. We are here to help you!

**WARNING: CHOKING HAZARD** – Small parts. Not for children under 3 years.

**CAUTION:** – Keep hands, face, hair and clothing away from all moving parts.

WARNING: CHOKING HAZARD  
Small parts. Not for children under 3 years.

CAUTION: Keep hands, face, hair and clothing away from all moving parts.

Product & colors may vary. Most models can be built one at a time.

### \*Important Battery Tips

- Alkaline batteries are recommended.
- Rechargeable batteries are not recommended.
- Remove rechargeable batteries before recharging; they must be charged only under adult supervision.
- Non-rechargeable batteries must not be recharged.
- Keep components free of dust; do not immerse or use in water.
- Do not dispose of batteries in a fire; they could leak or explode and cause injury.
