Car Wash

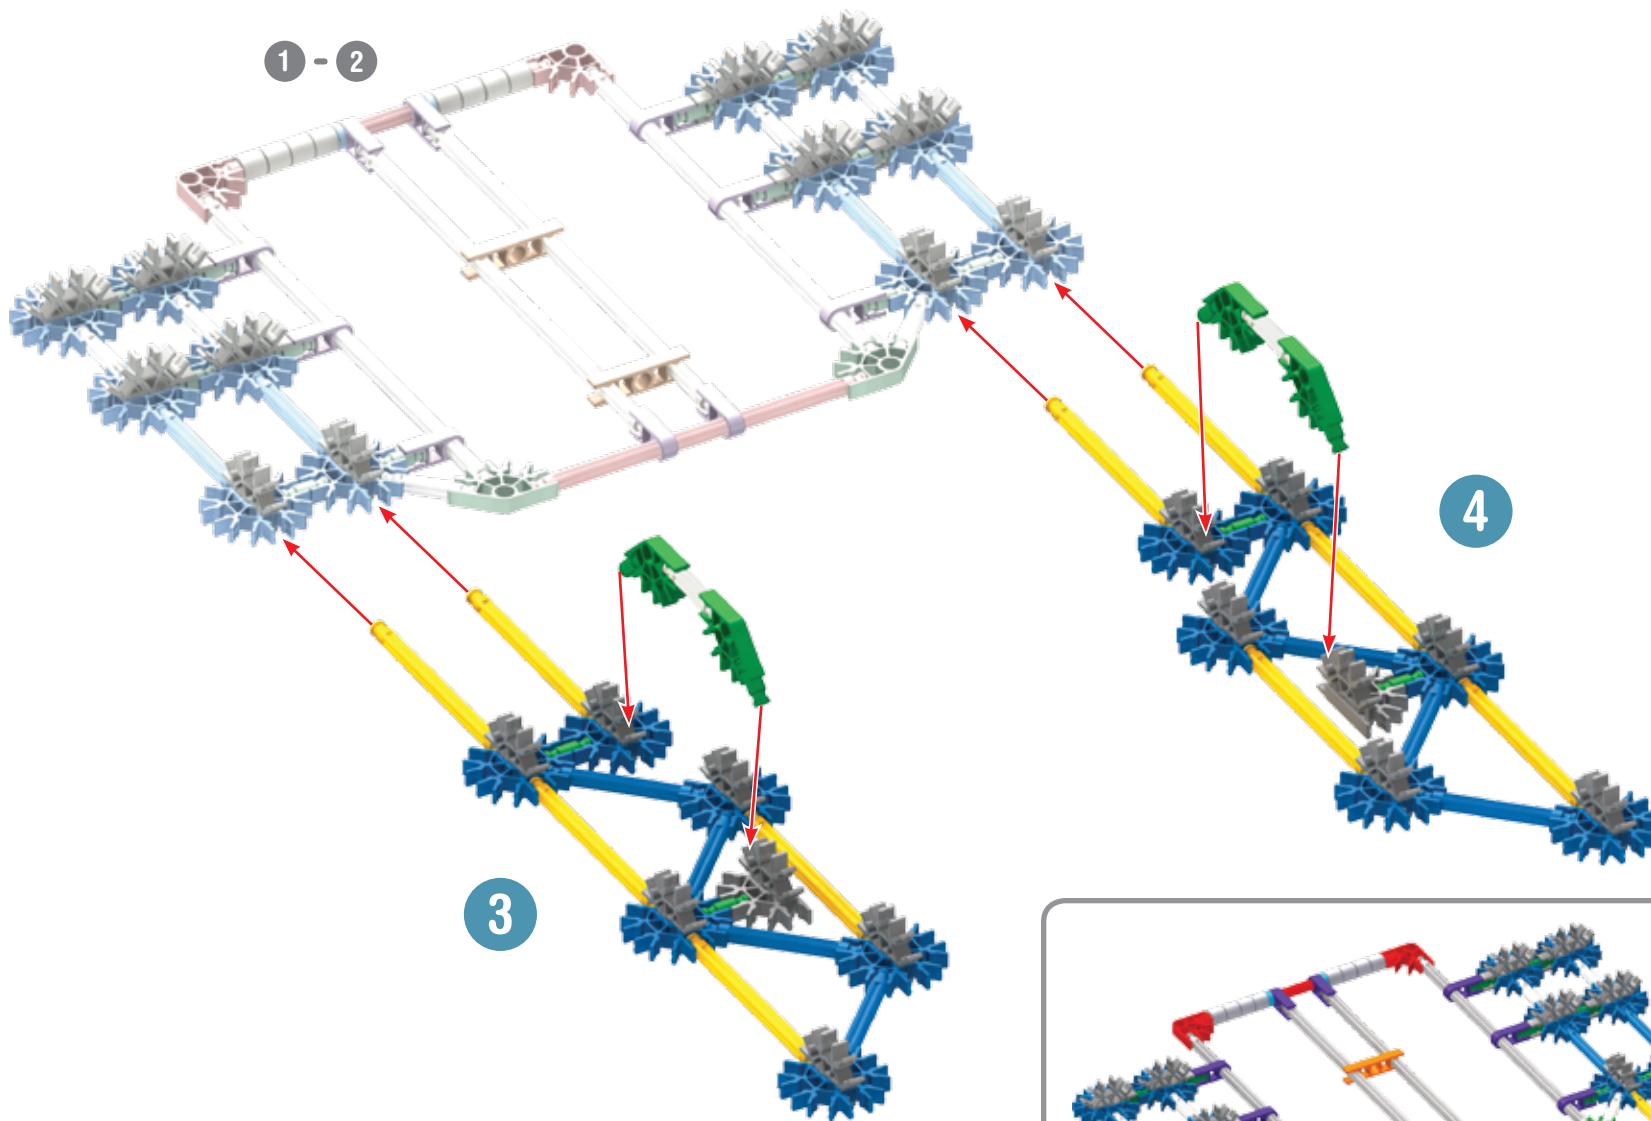

The image displays two LEGO Technic constructions. On the left is a large, rectangular car wash structure. It features a base of blue and red Technic bricks. The frame is built with yellow and red Technic beams. The top is covered with green palm tree-like structures. The interior is filled with various gears, axles, and connectors, suggesting a complex mechanical system. On the right is a smaller, more compact model, likely a car chassis. It has a red frame and four black wheels. The internal mechanism includes gears and axles, similar to the larger structure, indicating it might be a component or a simplified version of the car wash system.
