Each K'NEX piece has its own color and shape;
match it to pieces in the picture instructions. Put
pieces together exactly as pictures show. Be sure
to put rods in the correct slots of connectors, so
you have proper angles in your finished model.

Chaque pièce K'NEX a une couleur et une forme
bien à elle. Faites correspondre et montez les pièces
les unes sur les autres en suivant exactement les
instructions illustrées. Assurez-vous de bien
assembler les tiges dans les fentes des
connecteurs afin d'obtenir des angles corrects
une fois le modèle fini.

Assurez-vous de bien assembler les tiges dans les
fentes des connecteurs afin d'obtenir des angles
corrects une fois le modèle fini. Asegurarse de
colocar las varillas en las ranuras correctas de los
conectores, de modo que al terminar el modelo,
los ángulos sean los adecuados.

Faded colors indicate sections previously built;
connecting points will be in full color.

Les couleurs plus claires indiquent les sections
déjà construites. Les points de jonction sont
indiqués en couleurs vives.

Los colores apagados indican secciones que ya han
sido montadas anteriormente. Los puntos de
conexión se indican con colores vivos.

There are places in your model where you need to
add blue and silver spacers. Be sure to use the
right color and count them carefully.

Dans ton modèle, il y a des endroits où il faudra
ajouter des entretoises bleues et argentées.
Assure-toi d'utiliser la couleur correcte et
compte-les soigneusement.

Hay lugares en tu modelo donde tendrás que
agregar espaciadores azules y plateados.
Cerciórate de usar el color correcto y cuéntalos
con cuidado.

la goma y no estirarla demasiado. Las gomas
deben usarse únicamente como se indica en las
instrucciones. **NO USAR GOMAS QUE ESTÉN
DESGASTADAS NI RASGADAS.** Precaución:

unes dans les autres, tel qu'illustré. Bien les
pousser ensemble jusqu'à ce qu'un déclic se
fasse entendre.

Se puede juntar estos conectores especiales
deslizándolos. Empujar ligeramente hasta oír un
